

Mojtaba Eshghie's Basic L^AT_EX Course

Mojtaba Eshghie

1 Introduction

Basic Formatting tags in L^AT_EX.

1.1 Text Formatting

Here the subsection goes..

This text will go bold!

This text will be emphasized!

This text is underlined

1.2 Paragraph Formatting

New Paragraphs are automatically indented. Therefore, using the following tag will stop them from indentation:

Sometimes we need paragraphs that do not indent!

2 Odd things that happen in L^AT_EX

There are some strange things going on in here!

2.1 Misquoting

This is how I basically switch between ‘the quotes’ and ruin “them” totally.
